

Revenue Department News

News No. : 13/2020

Date : 30th January 2020

Subject : The Revenue Department encourages filing Personal Income Tax returns (P.N.D. 90 and P.N.D. 91) via internet to fasten filling and receive quick tax refund via Promptpay

The Revenue Department has applied Big Data for connecting tax allowance data to help taxpayers filling out P.N.D. 90 and P.N.D. 91, and recommended the internet filing as a convenient and easy method for making tax payment and installment. Taxpayers with refund should apply Promptpay to get their tax refund faster.

Mrs. Sommai Siriudomset, Principal Advisor on Strategic Tax Administration (Energy Industry) and Spokesperson of the Revenue Department announced that “presently the deadline for filing Personal Income Tax returns (P.N.D. 90 or P.N.D. 91) for tax year 2019 within 31st March 2020 or e-filing taxpayers can get their extension for 8 days (till 8th April 2020). Therefore, any person reaching income threshold in accordance with the law is required to file a tax return and is entitled to various tax deductions and tax allowances. The Revenue Department has encouraged taxpayers to file their tax returns via www.rd.go.th or RD Smart Tax Application on smartphone, especially P.N.D. 91 to save time and receive quick tax refund and better fit Thai lifestyle in the Thailand 4.0 Era.”

The Spokesperson of the Revenue Department has added that “various tax allowance data such as health insurance premium data, e-Donation data and accumulated government pension fund data are connected to the Revenue Department’s system. For other types of allowances, taxpayers can only fill out the total amount and keep their documents. Then, the Revenue Department will apply Data Analytics for processing both internal and external data to automate tax refund (except in some cases additional documents may be required). Taxpayers will get their tax refund via Promptpay registered with their national identification number, without the need to wait for tax refund notification letter which will make faster tax refund. Another tax refund channel is to deposit to the bank account or e-Money/e-Wallet by presenting the tax refund notification letter with their identification to receive tax refund as shown in the above document.”
