BETWEEN  
THE GOVERNMENT OF THE KINGDOM OF THAILAND  
AND  
THE GOVERNMENT OF IRELAND  
FOR  
THE AVOIDANCE OF DOUBLE TAXATION  
AND  
THE PREVENTION OF FISCAL EVASION  
WITH RESPECT TO TAXES ON INCOME  
AND CAPITAL GAINS**

The Government of the Kingdom of Thailand and the Government of Ireland,  
desiring to conclude a Convention for the avoidance of double taxation and the  
prevention of fiscal evasion with respect to taxes on income and capital gains,  
have agreed as follows :

**Article 1**  
**PERSONS COVERED**

This Convention shall apply to persons who are residents of one or both of the Contracting States.

**Article 2**  
**TAXES COVERED**

1. This Convention shall apply to taxes on income and capital gains imposed by each Contracting State, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income and capital gains all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property.
3. The existing taxes to which the Convention shall apply are in particular:
  - (a) in the case of Thailand:
    - (i) the income tax; and
    - (ii) the petroleum income tax;

(hereinafter referred to as "Thai tax");
  - (b) in the case of Ireland :
    - (i) the income tax;
    - (ii) the corporation tax; and
    - (iii) the capital gains tax;

(hereinafter referred to as "Irish tax").
4. The Convention shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

**Article 3**  
**GENERAL DEFINITIONS**

1. For the purposes of this Convention, unless the context otherwise requires:
  - (a) the term "Thailand" means the territory of the Kingdom of Thailand, including its internal waters, its territorial seas, and any maritime areas over which the Kingdom of Thailand has sovereign rights or jurisdiction under international law;
  - (b) the term "Ireland" includes any area outside the territorial waters of Ireland which, in accordance with international law, has been or may hereafter be designated under the laws of Ireland concerning the Continental Shelf, as an area within which the rights of Ireland with respect to the sea bed and subsoil and their natural resources may be exercised;

  - (d) the term "person" includes an individual, an estate, a trust, a company and any other body of persons;
  - (e) the term "company" means any body corporate or any entity that is treated as a body corporate for tax purposes;
  - (f) the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;
  - (g) the term "tax" means Thai tax or Irish tax as the context requires;

(h) the term “national”, in relation to a Contracting State, means:

(ii) any legal person, partnership, association and any other entity deriving its status as such from the laws in force in that Contracting State;

(i) the term “international traffic” means any transport by a ship or aircraft operated by an enterprise of a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State; and

(j) the term “competent authority” means, in the case of Thailand, the Minister of Finance or his authorized representative, and, in the case of Ireland, the Revenue Commissioners or their authorized representative.

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

#### **Article 4 RESIDENT**

1. For the purposes of this Convention, the term “resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature, and also includes that State and any local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
- (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
- (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then the competent authorities of the Contracting States shall endeavor to settle the question by mutual agreement.

#### **Article 5** **PERMANENT ESTABLISHMENT**

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:
  - (a) a place of management;
  - (b) a branch;
  - (c) an office;
  - (d) a factory;
  - (e) a workshop; and
  - (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources;
  
3. The term "permanent establishment" shall also include:
  - (a) a building site, a construction, installation or assembly project or supervisory activities in connection therewith, where such site, project or activities continue for a period of more than 6 months;
  
  - (b) the furnishing of services including consultancy services by a resident of one of the Contracting States through employees or other personnel, where activities of that nature continue for the same or a connected project within the other Contracting State for a period or periods aggregating more than 6 months within any twelve-month period.
  
4. A person carrying on activities offshore in a Contracting State in connection with the exploration or exploitation of the sea bed and sub-soil and their natural resources situated in that Contracting State shall be deemed to be carrying on a business through a permanent establishment in that Contracting State where such activities continue for a period or periods aggregating more than 3 months within any twelve-month period.

5. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
  - (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
  - (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
  - (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
  - (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
  - (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
6. Notwithstanding the provisions of paragraphs 1, 2, 3 and 4, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 5 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

7. An enterprise shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.
8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

**Article 6**  
**INCOME FROM IMMOVABLE PROPERTY**

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

**Article 7**  
**BUSINESS PROFITS**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the income or profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts or, in the case of a person who does not claim taxation on the basis of the actual net profits of the permanent establishment, on the basis of a certain reasonable percentage of the gross receipts of the permanent establishment, nothing in paragraph 2 shall preclude such State from determining the income or profits to be taxed by such a method. The method adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income or gains which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.
8. For the purposes of this Article business profits includes income derived by an enterprise from the rental of aircraft where such income is not incidental to income from the operation by an enterprise of aircraft in international traffic.

**Article 8**  
**SHIPPING AND AIR TRANSPORT**

1. Income or profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that Contracting State.
2. Income or profits derived by an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, but the tax imposed in that other State shall be reduced by an amount equal to 50 per cent thereof.
3. For the purposes of this Article, the expressions "operation of ships" and "operation of aircraft" by an enterprise also includes:
  - (a) the charter or rental on a bareboat basis of ships and aircraft;
  - (b) the rental of containers and related equipment, if that charter or rental is incidental to the operation by the enterprise of ships or aircraft in international traffic.
4. The provisions of paragraphs 1 and 2 shall also apply to income or profits from the participation in a pool, a joint business or an international operating agency.

**Article 9**  
**ASSOCIATED ENTERPRISES**

1. Where
  - (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income or profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the income or profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State, and taxes accordingly, profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of the Convention and the competent authorities of the Contracting States shall, if necessary, consult each other.

**Article 10**  
**DIVIDENDS**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives income or profits from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of income or profits arising in such other State.
6. Nothing in this Convention shall be construed as preventing a Contracting State from imposing tax, according to the laws of that State, on the disposal of profits made by permanent establishment situated therein at the rate provided for in paragraph 2.

**Article 11**  
**INTEREST**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed:
  - (a) 10 per cent of the gross amount of the interest if the interest is beneficially owned by any financial institution (including an insurance company);
  - (b) 10 per cent of the gross amount of the interest if the interest is beneficially owned by a resident of the other Contracting State and is paid with respect to indebtedness arising as a consequence of a sale on credit by a resident of that other State of any equipment, merchandise or services, except where the sale was between persons not dealing with each other at arm's length; and

(c) 15 per cent of the gross amount of the interest in all other cases.

3. Notwithstanding the provisions of paragraphs 1 and 2, interest arising in a Contracting State and paid to the Government of the other Contracting State shall be exempt from tax in the first-mentioned State.

For the purposes of this paragraph, the term "Government"

(a) in the case of Thailand, means the Government of the Kingdom of Thailand and shall include:

- (i) the Bank of Thailand ;
- (ii) the Export-Import Bank of Thailand;

- (i) the Central Bank of Ireland;
- (ii) the National Treasury Management Agency;
- (iii) the National Pension Reserve Fund;
- (iv) a statutory body or any institution wholly owned by the Government of Ireland; and
- (v) any institutions as may be agreed from time to time between the competent authorities of the Contracting States.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income assimilated to income from money lent by the taxation laws of the State in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

**Article 12**  
**ROYALTIES**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed:
  - (a) 5 per cent of the gross amount of the royalties described in subparagraph (a) of paragraph 3;
  - (b) 10 per cent of the gross amount of the royalties described in subparagraph (b) of paragraph 3; and
  - (c) 15 percent of the gross amount of the royalties described in subparagraph (c) of paragraph 3.
3. The term "royalties" as used in this Article means payments of any kind received as a consideration:
  - (a) for the use of or the right to use any copyright of literary, artistic or scientific work, including software, and motion pictures and works on film, tape or other means of reproduction for use in connection with radio or television broadcasting;
  - (b) for the use of or the right to use industrial, commercial or scientific equipment or any patent; or
  - (c) for the use of or the right to use any trademark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

6. The provisions of paragraph 5 shall not affect the right of a Contracting State to levy, according to its law, a tax on gains from the alienation of any property derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned State at any time during the three years immediately preceding the alienation of the property.

**Article 14**

  - (b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days within any twelve-month period; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.
