**BETWEEN THE GOVERNMENT OF THE KINGDOM OF THAILAND
AND THE GOVERNMENT OF THE REPUBLIC OF MAURITIUS
FOR THE AVOIDANCE OF DOUBLE TAXATION WITH
RESPECT TO TAXES ON INCOME**

The Government of the Kingdom of Thailand and the Government of the Republic of Mauritius,

Desiring to conclude an Agreement for the avoidance of double taxation with respect to taxes on income,

Have agreed as follows:

PERSONAL SCOPE

This Agreement shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2

TAXES COVERED

1. This Agreement shall apply to taxes on income imposed on behalf of a Contracting State, its local authorities or its political subdivisions, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of movable or immovable property as well as taxes on the total amount of wages or salaries paid by enterprises.
3. The existing taxes to which this Agreement shall apply are in particular:
 - (a) in Mauritius, the income tax;

(hereinafter referred to as "Mauritius tax");
 - (b) in Thailand:
 - (i) the income tax; and
 - (ii) the petroleum income tax;

(hereinafter referred to as "Thai tax").

4. This Agreement shall also apply to any other taxes of a substantially similar character which are imposed on behalf of either Contracting State after the date of signature of this Agreement in addition to, or in place of, the existing taxes.
5. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws, and if it seems desirable to amend any Article of this Agreement, without affecting the general principles thereof, the necessary amendments may be made by mutual consent by means of an Exchange of Notes.

ARTICLE 3

GENERAL DEFINITIONS

1. In this Agreement, unless the context otherwise requires:
 - (a) the term "Mauritius" means the Republic of Mauritius and includes:

 - (ii) the territorial sea of Mauritius; and
 - (iii) any area outside the territorial sea of Mauritius which in accordance with international law has been or may hereafter be designated, under the laws of Mauritius, as an area, including the Continental Shelf, within which the rights of Mauritius with

respect to the sea, the sea-bed and sub-soil and their natural resources may be exercised;

- (b) the term "Thailand" means the Kingdom of Thailand and includes any area adjacent to the territorial waters of the Kingdom of Thailand which by Thai legislation, and in accordance with the international law, has been or may hereafter be designated as an area within which the rights of the Kingdom of Thailand with respect to the sea-bed and subsoil and their natural resources may be exercised;

- (j) the term "tax" means Mauritius tax or Thai tax, as the context requires.

2. As regards the application of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

ARTICLE 4

RESIDENT

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature and also includes that State and any local authority or political subdivision thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined in accordance with the following rules:
 - (a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him. If he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

 - (b) if the State in which he has his centre of vital interests cannot be determined, or if he does not have a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;

- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
- (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement.

- 3. Where by reason of the provisions of paragraph 1 a company is a resident of both Contracting States, it shall be deemed to be a resident of the Contracting State in which it is incorporated or under the law of which it is deemed to be a resident. If the company under the foregoing criterion still is a resident of both Contracting States, then it shall be deemed to be a resident of the Contracting State in which its place of effective management is situated. If the State in which its place of effective management is situated cannot be determined, then the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement.

ARTICLE 5

PERMANENT ESTABLISHMENT

- 1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
- 2. The term "permanent establishment" includes specially:
 - (a) a place of management;

- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a warehouse, in relation to a person providing storage facilities for others;
- (g) a farm or plantation;
- (h) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and
- (i) an installation or structure used for the exploration of natural resources.

3. The term "permanent establishment" likewise encompasses:

- (a) a building site or construction, installation or assembly project, or supervisory activities in connection therewith only if the site, project or activity lasts more than 6 months.
- (b) the furnishing of services including consultancy services by an enterprise of a Contracting State through employees or other personnel engaged in the other Contracting State, provided that such activities continue for the same or a connected project for a period or periods aggregating to more than 6 months within any twelve-month period.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
- (a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
 - (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
 - (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or for collecting information, for the enterprise;
 - (e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise; and
 - (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, a person acting in a Contracting State on behalf of an enterprise of the other Contracting State (other than an agent of an independent status to whom paragraph 6 of this Article applies), shall be deemed to be a permanent establishment in that State, although he has no fixed place of business in the first-mentioned State, if:
 - (a) he has, and habitually exercises, an authority in the first-mentioned State to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise;
 - (b) he maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise from which he regularly delivers goods or merchandise on behalf of the enterprise.
6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property, including income from agriculture or forestry, is taxable in the Contracting State in which such property is situated.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or

other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in determining the profits of a permanent establishment, of amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be *in accordance with the principles contained in this Article*.
5. If the information available to the taxation authority of a Contracting State is inadequate to determine the profits to be attributed to the permanent establishment of an enterprise, nothing in this Article shall affect the application of any law of that State relating to the determination of the tax liability of a person provided that the law shall be applied consistently in accordance with the principles of this Article in so far as the information available to the taxation authority permits.

6. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
7. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
8. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

SHIPPING AND AIR TRANSPORT

1. Profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that Contracting State.
2. Profits derived by an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, but the tax imposed in that other State shall be reduced by an amount equal to 50 per cent thereof.
3. Profits of an enterprise of a Contracting State from the use, demurrage or rental of containers (including trailers, barges, and related equipment for the transport of containers) that are incidental to income from the operation of ships or aircraft in international traffic shall be treated for purposes of

paragraphs 1 and 2 as income from the operation of ships or aircraft in international traffic.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where:
 - (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
 - (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting

State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment

as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except in so far as such dividends are paid to a resident of that other State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, subject to the conditions of paragraph 3, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 10 per cent of the gross amount of the interest if it is received by any financial institution (including an insurance company);

(b) 15 per cent of the gross amount of the interest in any other case.

3. Interest arising in a Contracting State shall be exempt from tax in that State if it is derived and beneficially owned by:

(a) the Government, a local authority or a political subdivision of the other Contracting State; or

(b) any institution, body or board which is wholly owned by the Government, a local authority or a political subdivision of the other Contracting State.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income assimilated by the taxation law of the Contracting State in which the income arises, to income from money lent. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article. The term

"interest" shall not include any item which is treated as a dividend under the provisions of Article 10 of this Agreement.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority, a political subdivision or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the law of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed:
 - (a) 5 per cent of the gross amount of the royalties received as consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, excluding cinematograph films and films, tapes or discs for radio or television broadcasting;
 - (b) 15 per cent of the gross amount of the royalties in any other case.
3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, computer programme, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in

the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority, a political subdivision or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.
3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in that State.
4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3 shall be taxable only in the Contracting State of which the alienator is a resident.

ARTICLE 14

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other State but only so much of it as is attributable to that fixed base.
2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.
3.  - (a) Where a resident of Mauritius derives income from Thailand the amount of tax on that income payable in Thailand in accordance with the provisions of this Agreement may be credited against the Mauritius tax imposed on that resident.
 - (b) Where a company which is a resident of Thailand pays a dividend to a resident of Mauritius who controls, directly or indirectly, at least 10 per cent of the capital of the company paying the dividend, the credit shall take into account (in addition to any Thai tax for which credit may be allowed under the provisions of subparagraph (a) of this paragraph) the Thai tax payable by the first-mentioned company in respect of the profits out of which such dividend is paid.

Provided that any credit allowed under subparagraphs (a) and (b) shall not exceed the Mauritius tax (as computed before allowing any such credit), which is appropriate to the profits or income derived from sources within Thailand.
