1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of

management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then the question shall be settled by the competent authorities of the Contracting States.

Article 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

3. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise.

4. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, the enterprise shall be deemed to have a permanent establishment in the first mentioned Contracting State, if such a person:

(a) has and habitually exercises in the first-mentioned State, an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise;

(b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise from which he regularly fills orders or makes deliveries on behalf of the enterprise; or

(c) has no such authority, but habitually secures orders in the first-mentioned State wholly or almost wholly for the enterprise or for the enterprise and other enterprises which are controlled by it or have a controlling interest in it.

5. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other State if it collects premiums in the territory of that other State or insures risks situated therein through an employee or through a representative who is not an agent of an independent status within the meaning of paragraph 6 of this Article.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise or on behalf of that enterprise and other enterprises, which are controlled by it or have a controlling interest in it, he will not be considered an agent of independent status within the meaning of this paragraph.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or

which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of professional services.

Article 7

BUSINESS PROFITS

1. The income or profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the income or profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through

a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the income or profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No income or profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the income or profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where income or profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

SHIPPING AND AIR TRANSPORT

1. Income or profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that Contracting State.

2. Income or profits derived by an enterprise of a Contracting State from sources within the other Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, but the tax imposed in that other State shall be reduced by an amount equal to 50 per cent thereof.

3. The provisions of paragraphs 1 and 2 shall also apply to income or profits from the participation in a pool, a joint business or an international operating agency.

Article 9

ASSOCIATED ENTERPRISES

Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income or profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the income or profits of that enterprise and taxed accordingly.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws

of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed:

a) 10 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 10 per cent of the capital of the company paying the dividends; or

b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State. Nothing in this paragraph shall be construed as preventing a Contracting State from imposing income tax, according to the laws of that State, on profits remitted from, or disposed out of, that Contracting State made by a permanent establishment situated therein.

Article 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest, the tax so charged shall not exceed:

- (a) 10 per cent of the gross amount of the interest if it is received by any financial institution (including an insurance company);
- (b) 15 per cent of the gross amount of the interest in other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2,

- a) interest arising in Switzerland and paid to a resident of Thailand shall be taxable only in Thailand if it is paid in respect of a loan made, guaranteed

or insured by the Bank of Thailand or the Export-Import Bank of Thailand;

b) interest arising in Thailand and paid to a resident of Switzerland shall be taxable only in Switzerland if it is paid in respect of a loan guaranteed or insured under the Swiss provisions regulating the Export or Investment Risk Guarantee.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures as well as income assimilated to income from money lent by the taxation law of the Contracting State in which the income arises.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment

situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the

last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties, the tax so charged shall not exceed:
 - a) 5 per cent of the gross amount of the royalties if they are made as a consideration for the alienation or the use of, or the right to use any copyright of literary, artistic or scientific work, excluding cinematograph films or films or tapes used for radio or television broadcasting;
 - b) 10 per cent of the gross amount of the royalties if they are made as a consideration for the alienation of any patent, trade mark, design or model, plan, secret formula, or process;
 - c) 15 per cent of the gross amount of the royalties in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the alienation or for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such cases the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article

shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

2. (a) Where a resident of Switzerland derives income which, in accordance with the provisions of this Convention, may be taxed in Thailand, Switzerland shall, subject to the provisions of sub-paragraph b), exempt such income from tax but may, in calculating tax on the remaining income of

that resident, apply the rate of tax which would have been applicable if the exempted income had not been so exempted. Provided, however, that where income or profits derived by an enterprise which is a resident of Switzerland from sources within Thailand which in accordance with paragraph 2 of Article 8 or paragraph 5 of Article 13 are subject to tax in Thailand, the Swiss tax charged on such income, or profits shall be reduced by one half.

(b) Where a resident of Switzerland derives dividends, interest or royalties which, in accordance with the provisions of Article 10,11 or 12, may be taxed in Thailand, Switzerland shall allow, upon request, a relief to such resident. The relief may consist of:

and

Switzerland shall allow, upon request, a relief to such resident of an amount equal to 10 per cent of the gross amount of the dividends, interest and royalties. In the case of dividends such relief shall only be allowed if the dividends are not exempted from Swiss tax under the provision of sub-paragraph e) of this paragraph.

2. The taxation of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

3. The provisions of this Article shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any

The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. 2. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State or to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State or to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process or information, the disclosure of which would be contrary to public policy.

3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income.

PROTOCOL

The Royal Government of Thailand and the Swiss Federal Council have agreed at the signing of the Convention between the two States for the avoidance of double taxation with respect to taxes on income upon the following provision which shall form an integral part of the said Convention:

1. With reference to Article 5

It is understood that technical services as defined in paragraph 12 of the commentaries on Article 12 of the OECD Model Convention 1977 are covered by sub-paragraph j) of paragraph 2 of Article 5.

In respect of paragraph 3 of Article 5, it is understood that the maintenance of a stock of goods or merchandise for the purpose of delivery or facilities used for delivery of goods and merchandise do not constitute a permanent establishment as long as the conditions of sub-paragraph b) of paragraph 4 of the same Article are not fulfilled.

In respect of sub-paragraph c) of paragraph 4 of Article 5, it is understood that the mere fact that such a person habitually secures orders in the first-mentioned State wholly or almost wholly for the enterprise or for the enterprise and other enterprises which are controlled by it or have a controlling interest in it, does not constitute a

permanent establishment unless such person is authorized to negotiate any essential element or detail which lead to the order being secured and the contract being concluded, even if the contract is signed by the enterprise and not by such person.

2. With reference to Article 7

In respect of paragraphs 1 and 2 of Article 7, where an enterprise of a Contracting State, having a permanent establishment in the other Contracting State, sells goods or merchandise or carries on other business activities in that other State, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise, but shall be determined only on the basis of that part of the total receipts which is attributable to the actual activity of the permanent establishment for such sales or such other business activities.

It is understood also that the profits of the enterprise shall be considered to be attributable to the permanent establishment if the enterprise sells goods or merchandise or carries on business of the same or similar kind as the sales or business undertaken by the permanent establishment provided that the permanent establishment has taken a determinant part in these activities.

3. With reference to Article 10

In respect of paragraph 5 it is understood that as long as Switzerland does not, according to its internal law, levy and additional tax on profits of a permanent establishment remitted from, or disposed out of Switzerland, the tax so charged in Thailand shall be limited at the rate provided for in sub-paragraph a) of paragraph 2 of Article 10.

4. With reference to Article 11

In respect of paragraph 3 it is understood that

a) the competent authorities may specify and agree in letters exchanged on any institution to which the provisions of sub-paragraph a) and b) shall apply and on the mode of application of this provision

b) the Swiss National Bank does not perform activities as described in paragraph 3.

5. With reference to Article 12

In respect of paragraph 2, sub-paragraph c) it is understood that, as long as Switzerland

- does not, according to its internal law, levy a tax at source on royalties paid to non-residents and

- for tax credit purposes, in general allows as a deductible expense 50 per cent of the gross amount of the royalties,

royalties paid from a resident of Thailand to a resident of Switzerland shall be taxable

in Thailand at a rate not exceeding 10 per cent of such gross amount.
