Subject : The Revenue Department presents Tax Ambassadors to support the entrepreneurs in order to file a tax return and pay tax

---

According to the social media that the online traders received a notice from the Revenue Department to file a tax return when the amount of incomes reaches taxable threshold. The Revenue Department has assigned Tax Ambassadors located nationwide to give advises to the taxpayers about how to file a tax return and pay tax correctly in long term.

**Mrs. Sommai Siriudomset, Principal Advisor on Strategic Tax Administration (Energy Industry) and spokesperson of the Revenue Department** revealed that “The fact that the Revenue Department delivered a notice to, in reality, the income earners having an amount of incomes reaching taxable threshold have to file a tax return in time in order to pay tax without fine and charge. In principle, the taxpayer having the income form trade over 60,000 baht per year must file a tax return, otherwise will be fined not exceeding 2,000 baht and charged 1.5 per cent per month based on payable tax.

The Revenue Department does not aim to collect tax for a specific trader or from any government project nor an entrepreneur participating in aforesaid project. The Revenue Department assures its effort to complete the missions and does not want to punish the taxpayer by fining and charging on overdue tax payment in this critical period. This will create fairness for every taxpayer earning the minimum incomes which reach a taxable threshold to file a tax return.”

**Mrs. Sommai Siriudomset added that** “a tax return filing and tax payment are an obligation for a Thai citizen. The entrepreneur and online trader are able to study more information relating to tax return filing and tax payment in easy way at [www.taxliteracy.academy](http://www.taxliteracy.academy). Apart from this, the Revenue Department presents tax Ambassadors at the Area Revenue Department nationwide for the useful advises available for a taxpayer and public.
