Subject : Thailand Signs the GloBE MCAA, Moving Forward with the Exchange of Tax Information on Large Multinational Enterprise Groups

Following the Cabinet's resolution on 16 June 2026 approving Thailand's participation in the Multilateral Competent Authority Agreement on the Exchange of GloBE Information (GloBE MCAA),

Mr. Somsak Anuntawat, Director-General of the Revenue Department, announced that Thailand, represented by **Mr. Ekniti Nitithanprapas, Deputy Prime Minister and Minister of Finance,** as Thailand's Competent Authority, has signed the GloBE MCAA to facilitate the exchange of tax information relating to large multinational enterprise (MNE) groups under the global minimum tax framework. The Organisation for Economic Co-operation and Development (OECD) officially included Thailand in the list of signatories to the GloBE MCAA on 8 September 2026*.

The Director-General of the Revenue Department further stated that the signing of the GloBE MCAA marks another important milestone in Thailand's preparations for the exchange of GloBE Information Returns (GIRs) with partner jurisdictions. The exchange mechanism will facilitate compliance and reduce the reporting burden on large multinational enterprise (MNE) groups by reducing the need to submit the same information in multiple jurisdictions, thereby enhancing confidence in and transparency of Thailand's tax system. Thailand is expected to commence its first exchanges of GIR information with partner jurisdictions by December 2027.
