

Revenue Department News

News No. : 1/2021
Date : 1st October 2020
Subject : The Revenue Department announced the new vision, starting 1st October 2020

The Revenue Department sets out a new vision to create a shared goal and clear direction to respond to rising challenges and to push forward the D²RIVE strategy (Digital Transformation, Data Analytics, Revenue Collection, Innovation, Values, and Efficiency) to ensure fair tax collection, fiscal responsibility and the country's fiscal stability.

Mrs. Sommai Siriudomset, Principal Advisor on Strategic Tax Administration (Energy Industry) as the Revenue Department's Spokesperson, revealed that "The Revenue Department created its new vision for Fiscal Year 2021-2023 with an emphasis on organisational engagement that focuses on brainstorming and analysing strengths, weaknesses, opportunities, and threats faced by the Revenue Department as well as on listening to our staffs in order to achieve our three important goals which are "Meet targets, needs, and expectations." The Revenue Department has set out its vision for the next three years as follows:

Leading Tax Agency driven by Integrity,
Innovation and Competent Team to foster Fiscal Stability."

The Department's spokesperson added that, "The new vision will start on 1st October 2020 to provide our staffs with the same direction towards our operational goals with a focus on fair tax collection, use of innovation, technology, and information, and personnel development for the future in order to ensure that the Revenue Department can make significant contributions towards Thailand's fiscal stability, competitiveness, and economic strength."
